

Welcome to the coffee house and restaurant Seenelke

Dear guests, dear friends of the south beach,

We are very pleased to welcome you today in the premises of a former beach house:

In the second half of the 1920s, the city of Wilhelmshaven tried to create another civil pillar by expanding tourism. With a lot of advertising ("the green city by the sea"), attempts were made to build Wilhelmshaven-Rüstringen as a modern North Sea resort for medium-sized businesses. A beach facility was created on the south beach with five beach houses and a beach hall. The buildings cost around 950,000 Reichsmarks and were inaugurated on June 16, 1928.

Today you will find our Strand-Hotel Seenelke with the coffee house & restaurant on the south beach in one of these five beach houses.

Dear guests, if you are affected by allergies, please contact our service staff. The separate list of the additives and allergens contained in our dishes will be happy to provide you with information.
